

Rail Trail Community Engagement Strategy

After weeks of planning, the Rail Trail Task Group has come up with a strategy to engage the community in a conversation about the development, operations and management of the Rail Trail. Here's how you can get involved.

Go to <http://www.surveymonkey.com/s/M67CVDV> and complete the survey on your home computer or at your local library. Some paper copies are available through the municipal offices. However, the Task Group appreciates your efforts to complete the online version if you are able to as we have limited resources for data entry. The survey will be open from Oct. 31st to Nov. 20th.

Workshops

Take part in one of our interactive workshops! The workshops invite a diversity of interests to take part in some “blue sky” planning. Each workshop can accommodate 48 people and **pre-registration is required.**

Session 1 – Participants can expect to work in small groups to talk about their vision for the trail, development & funding, management etc., and identify barriers to achieving the vision.
